

# Uploading Rich Media (RM) Template Creatives - Manual

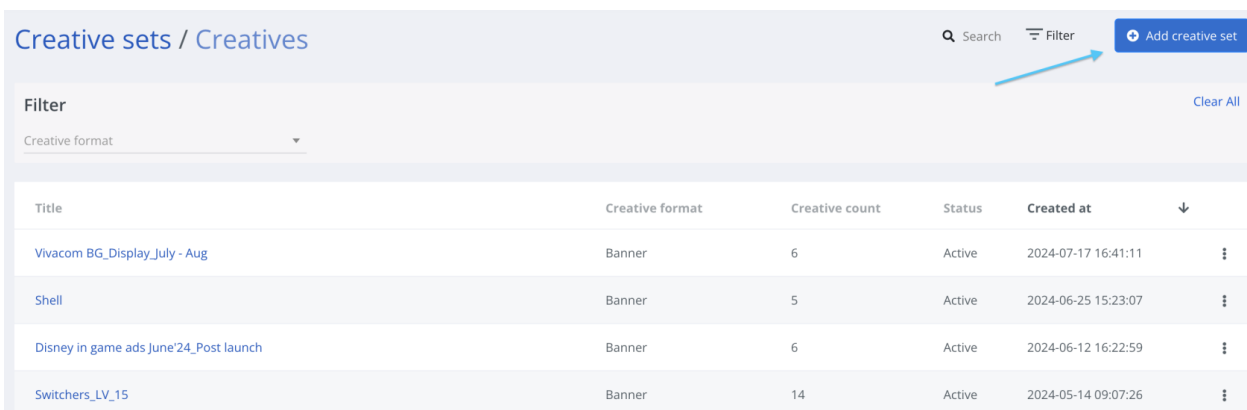

Rich media creatives is a banner type of creatives that includes advanced features like animations and other elements that encourage viewers to interact and engage with the content. This type of creatives can be created and uploaded manually using templates in Eskimi platform.

## RM creatives uploading process:

**Step 1:** Log in to your DSP account, go to Creative Sets

**Step 2:** On the new page click "Add creative set"

**Step 3:** On the next page add creative sets Title and select the Banner creative format and RichMedia as banner format.

Creative Format

- ☒ Banner
- ☐ Video
- ☐ Native
- ☐ Native Video
- ☐ Audio
- ☐ Engagement
- ☐ Carousel

Banners are a universal ad format available in various shapes and sizes, such as rectangles, squares, leaderboards, and others.

Banner Format

☐ File Banner

File banners are images in PNG, JPG, and GIF formats with the most inventory space available.

☐ Javascript Tag

JavaScript tags are banners featuring animations, transitions, and other moving elements, and serve as HTML5 ads to capture viewer attention.

☒ Rich Media

Rich Media ads are pre-made templates with advanced elements designed to catch attention and encourage user engagement.
