

Sidebar (Sticky Ads)

A sticky ad is an ad unit which stays visible on the page while the user scrolls through the content of your page. Sticky ads are a non-intrusive format that can be very effective to increase CTR and your Active View metrics.

Sidebar sticky ads contrary to the landscape size of horizontal sticky ads, vertical ones are portrait-sized and exist on the sides of the webpage.

Sidebar sticky ads mostly consists of these ad sizes. Indicating that creative size will be rather small. Therefore, it is essential to fit the information to the banner so it would be well visible.

Creative Size	Impressions
320x50	878,588,743
300x250	447,936,818
